ROASTED ALIVE.

Terrible Fate of Two Merchants in Mexico.

The Outlaw Chief Captured and Riddled With Bullets.

On Their Way to Buy Goods the Merchants Were Attacked by Bandits—Overpowered They Were Killed and Their Bodies Thrown to Death.

ZACATECAS, Mex., July 23.—In the little mountain town of Tlatenango, this state, Candelario Perez, one of the most inhuman and desperate criminals in Mexico, was Friday shot to death by a posse of men. Perez was a man about 40 years of age, and for the past three years he has been the leader of a band of brigands who have kept the people of Tlatenango in a state of constant terror. Three weeks ago Ramon Morales and Carmen Plazo, two prominent merchants of that place, started on an overland journey for Zacatecas.

They had in their possession \$500 with which to buy goods in that city for their store. They were attacked when a short distance out from Tlatenango by Perez and his band. The merchants made a brave resistance, killed three of the bandits and finally drove the remainder to the mountains. The brigands finally overpowered them, however, and, by direction of Perez, both merchants were taken to their rendezvous in the mountains and there horribly tortured. Their fingers and toes were cut off one by one, and then they were taken to a stake and a fire built around them, slowly roasting them to death.

"GREEN GOODS."

A Nebraska Dealer of \$1,000.—The Government Will Now Take Him In Hand.

OMAHA, Neb., July 23.—E. E. Ballinger, of Juana, was brought to Omaha by Deputy U. S. Marshall Hall upon a charge of having conspired to receive by which he expected to get possession of a large quantity of counterfeit money. Mr. Ballinger was induced to turn his hand at the green goods business. He mortgaged his little store at Juana, and with \$1,000 went to New York. He found the men with whom he wanted to do business and secured \$1,000 of the money and paid his \$1,000 for the package. When he received his parcel at Juana, he discovered that "the soundless" had changed boxes on him, and the parcel contained nothing but blank paper. Ballinger consulted the marshal's agency, and was referred to the secret service of the U. S. treasury. In the correspondence which followed between Mr. Ballinger and the marshal's agency, the former admitted that he bought what he supposed to be \$25,000 in bills that looked as good as any in the country. The country, however, referred to Attorney Baker with instructions to prosecute, and Mr. Ballinger was arrested.

Our Corn Going to Mexico.

EAGLE PASS, July 23.—The exportation of corn from the United States into Mexico through this port shows much improvement. The tracks in the railroad yards are crowded with cars loaded with grain. Since the commencement of these shipments four months ago, 100,000 pounds of corn have passed through here going south. All this grain commanded a good price, being sold at about eighty cents a bushel, while Mexican at \$2.50 to \$3.00 a bushel. It is all white corn, and was grown in Kansas and Nebraska.

Harvest in Dakota's History.

DULUTH, Minn., July 23.—Duluth is suffering from the longest hot spell it has ever been the ill-fortune of the city to endure. The thermometer has been as high as 94 degrees several days, and its lowest daily record rarely goes below 85 degrees. Never in the history of the signal service here has it been higher than 94 degrees been recorded.

A Toledo Paper sold.

NEW YORK, July 23.—The Toledo (O.) Commercial was sold Friday to C. G. Hadden and Elmer W. Hadden, two stockholders and officers of the Toledo Bee. The Commercial is the only morning paper in Toledo, and has been a leading republican paper. What the future policies of the paper will be is not determined.

Recently Arrested Family.

CANTON, O., July 23.—The family of John Wagner, of this city, has been again unfortunately the past month. On July 7 a little eight-year-old daughter died. July 17 Alvin, the thirteen-year-old son, and Friday Edith, the ten-year-old daughter, died. All the deaths were caused by typhoid fever.

Break of Promise Case Dismissed.

INDIANAPOLIS, Ind., July 23.—The celebrated breach of promise case brought by Lillian Hester, of Illinois, against George W. Hester, of Indianapolis, this state, wherein she claimed \$25,000 damages, was dismissed Friday by agreement.

Prisoners for Forgery.

MARIETTA, O., July 23.—The motion for a new trial in the case Ohio vs. J. Smith Stowe, Jr., convicted of forgery and sentenced to the penitentiary, was granted. The prisoner was sentenced to four years in the penitentiary. He will be taken Monday.

An Educated Frog.

MARION, O., July 23.—Wm. Melley, of this city, has been translating a remarkably intelligent frog, which has taught many school and college students. The frog knows its name and is very prompt in answering to roll-call for grub and is very large of the species.

One Stopped and Four in the Shade.

SPRINGFIELD, Ill., July 23.—The weather is extremely hot throughout northern Kansas. In this city Thursday the thermometer registered 104 degrees in the shade.

Jews Ordered Removed to the Palace.

ST. PETERSBURG, July 23.—A law has been promulgated empowering the police to remove Jews from the city, where residence has hitherto been located, to the Jewish palaces.

IN SMALL SQUADS.

The Non-Union Men Are Being Hired Home—Great Fright.

HOMESTEAD, Pa., July 23.—Increased activity is noticeable inside the mill gate today. Non-union workmen are coming in squads of from 10 to 20 at a time from Pittsburgh. A few have got in unobserved through the town of Homestead. Something like 250 non-union men are now inside the mill.

The armor plate mill, the open hearth mill and the press shop are in operation. Steel was passed through the rolls of the tinmill mill Friday. The operation of these departments means that Mr. Frick and Superintendent Fritz are making great efforts to convince their old men that the mills can be run without their aid.

The tonnage men are too well informed of the true condition of affairs inside the mill to be alarmed at the seeming activity.

They know that the mills now in partial operation are manned by bosses, superintendents and half dozen non-union steel workers from the mills at Bradford. They know that 200 green men can not run a plant where 3,000 experienced hands were once employed.

The effect of the laborers and ignorant Hungarians may not be the same, but none of these men, with possibly half a dozen exceptions, show signs of weakening.
